Government of Jharkhand

TECHFIESTA'18

A science and technology festival

Notice

All the student of Ramgarh Engineering, Ramgarh are informed that G-SAC is going to organise an event called "ROCKET FIRE COMPETITION" for the mega events of TECHFIESTA'18. Interested students are invited to participate with the following set of rule to fulfil the eligibility criteria stated as below:

About

An application of mechanics in engineering. Build a rocket, make it go far. The rocket will be filled with water.

Challenge

The farer the distance covered by the rocket, the much the chances of getting won. Don't make it to deviate in its path. The amount of water poured in it is the another challenge.

Rules

1. It will be carried out in three stages.
2. Maximum number of participants is twenty.
3. Rocket would contain only paper, bottle, cello tape and gum.
4. No extra material should be added to rocket.
5. Angle of rocket launcher should be fixed for all participants.
6. Distance covered by rocket will be measured from launch pad to first dropping point of rocket.
7. Rocket must fly in a straight path for the final round.
8. Top ten participants will be selected for next round.
9. Top five from second round will selected for the final round.
10. The team of Techfiesta`18 is not responsible for any kind of casualties.
11. Decision taken by the event judge and the co-ordinator will be final.
